

CAOS - 11th Annual Meeting of the International Society for Computer Assisted Orthopaedic Surgery

15-18 June 2011 - London

The meeting will be held in the Mermaid Conference Centre at Blackfriars in the centre of London between June 15th and 19th 2011. The conference centre is right on the River Thames, just beneath St. Paul's Cathedral and across the river from the Tate Modern, and Globe theatre among other attractions. The 2011 Annual Meeting already has the makings of an excellent event, leading surgeons from every continent, and a British and European workforce hungry for the technical offerings that industry can bring to the field.
