

**The 25th International Symposium on Computer-Based Medical Systems**  
**Rome, 20-22 June 2012**  
**Università Campus Bio-Medico**

CBMS 2012 will provide an international forum for discussing the latest developments in the field of computational medicine, biomedical informatics and related fields. The conference is part of the [Bioengineering Week](#), an exciting week totally dedicated to bioengineering research, featuring a unique concentration of several scientific, cultural and educational events, mostly taking place in Rome.

The scientific program of CBMS 2012 will consist of regular and special track sessions with technical contributions reviewed and selected by an international programme committee, as well as keynote talks and tutorials given by leading experts in their fields. The symposium is the premier conference for computational medicine, providing a mechanism for the exchange of ideas and technologies between academics and industrial scientists, and attracts a worldwide audience.

**IMPORTANT DATES:**

Special track call for papers delivering

October 20, 2011

Paper submission due (general and special tracks)

January 15, 2012

Notification of acceptance for papers

March 15, 2012

Final camera-ready paper due

April 10, 2012

Pre-registration deadline

April 10, 2012

CBMS symposium days
