

[2013 IEEE International Conference on Robotics and Automation](#)

[ICRA 2013](#)

[May 6th - 10th, Karlsruhe, Germany](#)

The conference theme is “Anthropomatics - Technologies for Humans”, highlighting the paramount role of Robotics and Automation in improving human quality of life. It is organized by an international committee of experts in various fields of research.

Authors are encouraged to submit contributed papers, workshops and tutorials.

The best contributions will be awarded including the Best Student Paper-award for the best contribution by a student. As the student's advisor you can nominate the paper [here](#).

The conference will take place in the Kongresszentrum Karlsruhe, which is located in the inner city of Karlsruhe and can be reached easily by train, by car, by tram or by foot. Information about hotels & bars will soon be available [here](#).

Depending on your nationality, a visa might be required to come to Germany. We offer information about the visa process and the travel to Germany. You can apply for travel assistance [here](#).
