

The 2011 IEEE International Conference on Robotics and Automation (ICRA 2011) will take place from **May 9 to 13, 2011** at the Shanghai International Conference Center and the Shangri-La Hotel Shanghai Pudong in Shanghai, China. The theme of the conference is "Better Robots, Better Life", an expectation that the ever growing technology in robotics and automation will help build a better human society. The conference will provide a unique opportunity for the academic and industrial communities to address new challenges, share solutions, and discuss research directions for the future. Technical topics of the conference include all areas of robotics and automation.
