

## **2013 Robotics: Science and Systems Conference** **24th - 28th June 2013 - Berlin, Germany**

The 2013 Robotics: Science and System Conference will bring together researchers working on algorithmic or mathematical foundations of robotics, robotics applications and analysis of robotics systems. High quality, original papers are solicited in all areas of robotics. The final program will be the result of a thorough review process designed to include the best work of its kind in every category. The conference will be single track to allow attendees an opportunity to experience the best research in all areas of robotics. The program will include invited talks as well as oral and poster presentations of refereed papers.
