

## [The Bioengineering Week](#)

24-30 June 2011, Italy

In the last week of June 2012, Italy will host the Bioengineering Week (June 24-30 2012): an exciting week totally dedicated to bioengineering research, featuring a unique concentration of several scientific, cultural and educational events - mostly taking place in Rome.

One of the events within the Bioengineering Week, CARS 2012, will be held in Pisa, a town easily reachable in 2/3-hour journey from Rome.

Main events:

- [CBMS 2012](#) - June 20 - 22, Rome: The 25th edition of the International Symposium on Computer-Based Medical Systems
- [BioRob 2012](#) - June 24 - 27, Rome: IEE RAS/ EMBS International Conference on Biomedical Robotics and Biomechatronics
- [GNB 2012](#) - June 27 - 29, Rome: National Congress of Italian Group of Bioengineering
- [The 3rd EMBODYi Summer School 2012](#) - June 25 - 29, Rome
- [CARS 2012](#) - June 27 - 30, Pisa: Computer Assisted Radiology and Surgery
